

Kao Mill List (2026 1st Half)

Disclaimer : The purpose of publishing this mill list is to enhance transparency regarding palm oil suppliers that may be involved in Kao's supply chain, and to support the identification and management of risks across the supply chain. The mill list below has been compiled based on responses from our direct suppliers to our traceability inquiries and publicly available information. These mills are merely those that are "potentially" linked to our supply chain; their inclusion on this list does not necessarily mean that they are associated with specific volumes procured by Kao. The disclosed mills and the relationships between their parent companies and groups is accurate to the best of Kao's knowledge at the time of publication. Although we have made considerable efforts to verify the data, we do not guarantee its complete accuracy. If you have reliable data that contradicts our information, please share it with us. We are prepared to conduct analyses as necessary and make corrections within the scope of our management policies. While we have made every effort to ensure that the information listed here is accurate at the time of publication, Kao and its affiliates make no warranties, representations, or promises, whether express or implied, and assume no legal liability, whether direct or indirect, regarding the accuracy, completeness, or usefulness of the information provided.
