KAO International Environment Painting Contest for Children

Winner of the 13th KAO International Environment Painting Contest for Children "eco together" - Planet Earth Grand Prix "Help to plant mangroves" Woraphitcha Phuangprakhon (10 years old)

Thoughts and wishes regarding the painting

Mangrove forest are inhabited by various animals such as mudskipper, mangrove crab, egret and loris. In addition, the mangrove forest is also a line to prevent the washing of the sea as well. In my painting, my friend and I are helping to plant mangroves to provide their homes, food and a good weather. We have a great time, and we are proud of our efforts to protect the mangrove forests, I promise I will be environmentally friendly.
