

Contest entry guide

Theme: “Together, we are eco-friendly”

Please think about what we can do to protect our precious global environment and pass it on to future generations, and express your thoughts in your entry.

Eligibility

Any child (aged 6 through 15 years old) from anywhere in the world.

Entry specifications

- 1) Picture size:** Paper should be A3 size (297 mm × 420 mm), although pictures to a maximum size of 392 mm × 542 mm will be accepted.
- 2) Medium:** Any means of direct drawing, painting, or coloring – crayon, colored pencil, watercolor, acrylic or oil paint, ink, wood or linocut printing, etc. – is allowed. However, works (collage) with pasted elements and works painted on a canvas will not be eligible.
- 3) Creation:** Only one entry per individual is allowed. Only previously unexhibited works created after January 2018 will be accepted.
- 4) Important advice:** Your entry should show that you fully understood and incorporated, the “Together, we are eco-friendly” theme into your work. However, the theme should not be presented as a catchy phrase or slogan but, rather, artfully expressed in your entry. The freedom of thought that is unique to children and the expressions with full of originality and creativity in your picture are highly recommended. Joint works will not be eligible.
-If the picture contains writing, it must not show, the name of a specific person, group, trade name, or company. Similarly, pictures showing copies of artworks, and entries featuring specific characters, names of individuals, companies or products and logos will not be eligible.

How to enter

- 1)** For each separate work, it is preferable to download an entry form from the Kao website and, using a print or copy, fill out the required information and affix the completed entry form to the center on the back of the picture.

The 9th

花王国際こども環境絵画コンテスト

KAO International Environment Painting Contest for Children

Winner of the 8th Kao International Environment Painting Contest for Children “eco together” – Planet Earth Grand Prix
“Unity for Clean and Clear Water” Suriya Patoomwan (8 years old, Thailand)

Thoughts and wishes regarding the painting

We have a pond in our village, and the villagers throw garbage there. Sometimes a piece of trash flies into the water, and whenever I see it, I don't feel happy and I don't want that garbage in the water. The villagers must depend on the pond water to use for cooking, bathing and watering trees. Because of this, I drew this picture of kids on a boat working together to collect all the garbage, to tell everyone that we must cooperate in keeping water clean. And, the clean water will increase the amount of seaweed, and fish and crabs will be swimming happily. Likewise, we can always have drinking water, a place to rest and relax, and our body will stay healthy.

Now open: Entries invited The 9th Kao International Environment Painting Contest for Children

Since its foundation 120 years ago, Kao has taken sides with the consumer. Kao has always made products with a sincere commitment to excellent value and customer satisfaction. Taking account of changing conditions in the world, in its business practices, the Kao Group is determined to practically contribute both to greater richness in the culture of daily life and to social sustainability.

Since 2009, guided by the slogan “eco together,” Kao has gone forward by dealing with environmental issues. Everyday, hundreds of millions of families use Kao products. Consequently, we apply the notion of “eco together,” throughout the life cycle of our products. From the procurement of raw materials through to manufacturing, distribution, use, and disposal, we have been using and proposing more ecologically responsible ways of doing things. At the same time, Kao has sought and entered into broader and stronger engagement with environmental conservation activities in the wider world. As part of this outreach, the Kao Group has been running the Kao International Environment Painting Contest for Children since 2010. The contest encourages children to seriously consider eco behavior in everyday life, the global environment, and future of the Earth. At the same time, this contest will also hopefully encourage people around the world to take action in their daily life to preserve the environment.

Worldwide, the eighth contest attracted 11,048 entries from 41 countries and regions. The winning works can be seen on the Kao website.*

The ninth contest is now open, and we will receive entries up to Friday, August 24, 2018. The winning works will be on display from December 6 (Thu) to 8 (Sat) at the EcoPro 2018 show held at Tokyo Big Sight, where the awards ceremony will also take place. We hope that you will pass this information on and encourage children to participate in this international contest.
