

Ultra Gentle Pants Diaper

Merries Super Premium Pants Baby Diapers

Ultimate Comfort for Toddlers

Experience ultimate comfort and dryness with Merries' award-winning Ultra Gentle Pants Diapers, recognised as the best in the Ultra Gentle Pants Diaper category. These diapers are meticulously crafted to provide superior absorption and breathability, ensuring toddlers enjoy soft, gentle comfort all day long. The advanced breathable sheet, with over 5 billion invisible holes, effectively releases stuffiness, keeping your toddler fresh and dry even after urination. This innovation guarantees extended dryness, making it an ideal choice for your toddler's sensitive skin.

Designed with toddlers in mind, Merries' Ultra Gentle Pants Diapers feature a "Fluffy Air-In Cushion" with a specially designed convex-concave surface that minimizes skin contact for extra comfort. This unique structure allows air to pass through the surface, reducing stuffiness. Airy channels around the waist create a gap between the skin and the gathers, expelling moisture and keeping the skin smooth, especially around the belly where toddlers sweat easily. The Block Structure Absorber efficiently spreads liquid through vertical and horizontal grooves, instantly absorbing it and reducing humidity.

The diapers also boast a Back-Flow Lock, which securely locks in moisture to keep your toddler's skin dry and happy. The waist gathers stretch up to 2.5 times, making the diapers easy to wear and ensuring a secure, comfortable fit. With soft material and a snug fit, these diapers gently hug your toddler's skin. The colour-changing wetness indicators provide added convenience, turning dark blue when it's time for a change. Merries' Ultra Gentle Pants Diapers offer the key to lasting comfort and protection, making them the top choice in their category.

Ultra Gentle Baby Tape Diaper

Merries Super Premium Tape Baby Diapers

Gentle Protection for Young Babies

Honoured as the best in the Ultra Gentle Baby Tape Diaper category, these diapers are carefully designed based on comprehensive skin research to provide exceptional absorption and outstanding breathability, ensuring babies experience soft and gentle comfort all day long. The advanced breathable sheet, with over 5 billion tiny holes, effectively dissipates stuffiness, keeping your baby dry and fresh even after urination. This innovative feature guarantees prolonged dryness, making it an ideal choice for your baby's delicate skin.

Tailored specifically for young babies, Merries' Ultra Gentle Baby Tape Diapers deliver unmatched comfort and protection. The "Fluffy Air-In Cushion" introduces extra softness with its unique convex-concave design, reducing skin contact. This design promotes airflow, decreasing stuffiness and enhancing breathability, crucial for a baby's sensitive skin. The Block Structure Absorber quickly distributes liquid through vertical and horizontal grooves, instantly absorbing it and reducing humidity. This cutting-edge absorption system ensures your baby stays dry and comfortable throughout the day and night.

These diapers also include Fit Gathers that snugly fit your baby, preventing side and back leaks. The back gather is available in tape sizes S to M, offering additional security. Featuring Back-Flow Lock technology, the diapers securely lock in moisture, keeping your baby's skin dry and content. They also have rounded corners and a soft, reusable Magic Seal, now made with a softer material visible in the dark. The redesigned wetness indicators have two lines that turn dark blue when it's time for a change, providing ease and reassurance for parents. Merries' Ultra Gentle Baby Tape Diapers offer the key to lasting comfort and protection for your baby, making them the top choice in their category.

Ultra Gentle Newborn Baby Tape Diaper

Merries Super Premium Tape Baby Diapers

Ultra Gentle Baby Tape Diapers for Newborn Skin

Say goodbye to stuffiness and leakage with Merries' award-winning Ultra Gentle Newborn Baby Tape Diapers. Recognised as the best in the Ultra Gentle Newborn Baby Tape Diaper category, these diapers are meticulously designed based on extensive skin research to ensure superb absorption and exceptional breathability, providing newborns with soft and gentle all-day comfort. The superior breathable sheet features over 5 billion invisible holes, effectively releasing stuffiness to keep your baby fresh and dry, even after urination. This innovative design ensures long-lasting dryness, making it the perfect choice for your baby's delicate skin.

Merries' Ultra Gentle Newborn Baby Tape Diapers are specially crafted for newborns, offering the ultimate comfort and protection. The "Fluffy Air-In Cushion" adds another layer of softness with its uniquely designed convex-concave surface that minimizes skin contact. This structure allows air to pass through easily, reducing stuffiness and enhancing breathability, essential for a newborn's sensitive skin. The Block Structure Absorber efficiently spreads liquid through vertical and horizontal grooves, instantly absorbing it while reducing humidity. This advanced absorption system ensures that your newborn remains dry and comfortable throughout the day and night.

Additionally, these diapers feature Fit Gathers that comfortably hug your newborn, preventing side and back leakage. The back gather is available in tape sizes S to M, providing extra protection. With Back-Flow Lock technology, moisture is securely locked in, keeping your baby's skin dry and happy. Merries' Ultra Gentle Newborn Baby Tape Diapers truly offers the secret to long-lasting comfort and protection for your newborn, making them the leading choice in their category.
